

## Packed with passion

### D-Flex machinefilm

D-Flex machinefilm is a first class 5-layers LLDPE pre-stretch film with one-side cling. The film has very good optics and good sealability. All types of loads can be packed with D-Flex.

#### Characteristics:

- One-side cling
- Good optical properties
- Good elongation and high strength
- Silent unwind
- Good sealing properties

Item	Up to %	Film width (mm)	Cling side	Reel weight (kg)	Reels per pallet
